# SIZE CHARTS

## GENERAL INFO

Most of our sizing charts give the exact measurements of our custom uniforms and apparel - not the measurements of the player.

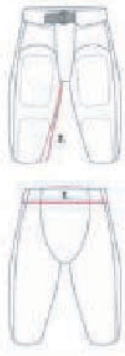

In general, our uniforms run true to size. We don't usually have any complaints with our sizing,

so if you are a large, you should be fine with ordering a large. Also because of the fabrics used, our uniforms are flexible and a bit of stretchy. This means even you are an XL, you should be able to fit into a large. This gives a lot of wiggle room and makes sizing a breeze.
