Dear Mr. Beatty:

Thank you for your equipment application to use your product, GameBreaker PRO Soft Shell Headgear, in NCAA wrestling competition.

This product, as presented in your equipment application, was reviewed and does meet the requirements outlined in Rule 1.5.4. Please note, as is the case with all equipment, the referee does have final authority on whether a piece of equipment is within the rules at the time of use by the participant (Rule 1.9.1). Any manufacturing changes from the provided sample or alterations by the purchaser may render a legal piece of equipment illegal.

For purposes of clarity, the NCAA does not endorse or approve of any equipment used for NCAA competition, and is responding only to your specific inquiry as to whether a particular piece of equipment is permissible under current NCAA playing rules. Accordingly, you should not interpret this correspondence as the NCAA's endorsement or promotion of the GameBreaker PRO Soft Shell Headgear.

I hope this information is helpful. Please contact me or Ashlee Follis at the NCAA if you have additional questions. Thank you for your continued interest in the NCAA.

Sincerely,

A handwritten signature in black ink that reads "Chuck Barbee".
